

Chamber supports SafeGrad

Sergeant Jim Fell of the Elk Point RCMP Detachment was in attendance at Wednesday's meeting of the Elk Point Chamber of Commerce, to explain and seek support for the Safe Grad program being sponsored by the detachment.

Fell explained that the graduating classes at F.G. Miller High School, Heinsburg High School and Frog Lake School had been challenged by the detachment not to operate a vehicle while impaired or to get into a vehicle with an impaired driver, between noon on Graduation Day and noon the following day.

Pledges of cash have been made by the RCMP to start the challenge fund, and pledges are being sought from businesses, groups and individuals. Donors are asked to specify which school's fund they would like their pledge credited to. If the entire graduating class of one of the schools complies with the terms of the challenge, that class will receive the sum pledged to it, to donate to a charity of their choice, which has been designated in advance. Lists of donors will be given to the successful schools.

If the class fails to meet the challenge, the

pledges will not be collected from the donors.

During the 24-hour period, the RCMP detachment will be very much in evidence, and will be making a special effort to check on all the drivers and vehicles to insure that the regulations are being followed.

A suggestion was made that a clause that the graduates will not be involved in any acts of vandalism be added to the challenge, to which Fell agreed. A pledge sheet was handed around, with most of those present agreeing to donate to at

Ball salutes Scarlet Force

Scarlet Tunics and stylish gowns were much in evidence Saturday evening at the Elks Hall, as the Elk Point Royal Canadian Mounted Police Detachment held their Second Annual Regimental Ball.

Head table guests at the well-attended function included St. Paul RCMP Subdivision Commanding Officer Gil Donahue and Mrs. Pat Donahue, Sergeant Jim Fell and Mrs. Audrey Fell, Mayor Ed Buck and Mrs. Marie Buck, F. G. Miller High School Principal, Bob Tredger and Mrs. Mary Jean Tredger.

Cst. Alasdair MacKinnon offered the pre-meal blessing, while Inspector Donahue signalled the official end of the meal with a toast to Her Majesty, Queen Elizabeth.

Sgt. Fell and his officers, toasted the people of Elk Point for their outstanding support of the detachment. Sid Holthe replied to the toast, "going back in history... to address a long tradition."

Holthe recalled his own early meeting with the law, when at age 7 he and his brother were attempting to shoot telephone insulators with their slingshots. A "seven foot tall Mountie" on a huge black horse appeared, and "I howled", confessed the retired teacher, "while the Mountie and my brother laughed".

Holthe told of the days when a force of six hundred men patrolled one and one half million miles on horseback yearly. An early member of the force in our area, Bob Chandler, covered a two thousand square mile beat stretching from Saddle Lake to the Battlefords.

In direct contrast, Holthe added, are today's trained lawmen who use mobile radios and computers to lessen the miles they must travel in their work.

Holthe spoke of the RCMP's admirable concern for young people, and their careful nurturing of a spirit of trust with them.

"Our early settlement could not have been so successful... and today so secure" he concluded. "Our presence tonight is an accolade to the most respected police in the world."

Mayor Buck called the Regimental Ball "The premiere social event" in Elk Point, and the RCMP "the best part of our community". The Mayor then called for a toast "for those who make our community a better place to live."

Sgt. Fell introduced the members of the

LEADING THE FORCE — St. Paul RCMP Subdivision Commanding Officer, Inspector Gil Donahue and Mrs. Donahue led the Grand March at the Regimental

Ball. Sgt. Jim Fell and Mrs. Fell led the members of the Elk Point Detachment.

Force in attendance, beginning with his secretary and "right hand man" Joan Palamarek; Cst Doug Huskins; Cst. Mike Harvey; Cst Alasdair MacKinnon; Special Cst. Robert Gladue; new member of the detachment Cst. Wayne Pirnak and their wives or escorts were introduced.

"That grey haired old gentleman", Bruce Bishop and wife Betty, and Cst. Nigel Whittington and wife Karen returned to Elk Point for the Ball and were gladly welcomed by their many friends. Other RCMP guests were Cst. Tyler Bray of Mannville and Cst. Roger Piper of Saskatchewan.

Guest speaker was Bob Tredger, who attributed much of the difference in Canadian and American societies to the influence of the RCMP. Although the two countries were settled by much

Child ID program to start May 15

Elk Point Lions Club will start their Child Identification Program on Wednesday, May 15 at F.G. Miller High School.

Lion John Williams says that seventy applications have been received to date for cards for F.G. Miller students.

Identification Program dates for Elk Point Elementary School, Heinsburg School and Elk Point ECS students and preschoolers will be announced later, Williams reported.

Chamber to support SafeGrad

(Cont. from Page 1)

least one school. The Chamber, as a group, pledged a \$25 donation, to be divided between the schools.

Any profits from the RCMP Ball, scheduled for May 4, will also be added to the pledge fund, Fell remarked.

Sergeant Fell later spoke on a rash of NSF cheques which have been issued in the area, and advised the local merchants how to deal with this problem.

Mon. - Sat.: 6 a.m. to Midnight
Sunday: 9 a.m. to 11 p.m.

Roger McLaughlin of the Retail Merchants Committee reported to the Chamber that although the weather did not cooperate, the first night of late night shopping went better than the first night last year. He noted that the radio advertising may have brought more people into town, and summarized that the late shopping concept was "on the right track."

Dennis Decorte of LW Radio thanked the merchants for their response to the advertising campaign, and noted that the station will return to Elk Point for another day of remote broadcasts sometime in the near future.

New faces among the 22 members and guests present included FCSS Director Marie Buck, accountant Robert Jensen of Jensen, Clark, Abbott, Ireland, and Recreation Director Neil McMann.

McMann spoke briefly to the group, and noted that he is enjoying living and working in Elk Point. His aim is to "improve the identity of recreation in the community" and dealing with public relations between the recreation board and the community.

McMann added that he feels that the anticipated growth of the town will require an equal growth in recreational activities and programs. Already, he noted, "we have an amazing eighteen slowpitch teams!"

Bruce Kleeberger of the Town Liason Committee reported that Ken Aarbo and Clark Stuparyk had attended the first meeting of the General Municipal Plan Review Committee. He also reported that the Town will be hosting a luncheon in conjunction with the late May visit of Bill Diachuk, Minister of Workers Health, Safety and Compensation.

Ed Vogel of the Agricultural Committee invited all present to the Elk Point 4-H Beef Club's Achievement Day Show on Saturday, June 8 at 7:00 p.m. Vogel also noted that his committee is trying to set up a Farmers' First Aid workshop in the future.

Ruth Vogel reported on the progress in plans for Canada Day. This year's theme is "The Year of Youth" and the committee plans to honor worthwhile endeavors by the young people of the community by selecting an "Outstanding Youth" to receive a plaque. The Chamber was asked to help with this part of the program, and agreed to do so.

Tourism Chairman Ron Barwick and the Town have had second thoughts about the imminent relocation of the Tourist Information Booth, in view of future highway upgrading plans, which might disrupt the access to the proposed site offered by the Town. Councillor Kleeberger concurred with Barwick's remarks, noting that no one is sure of the timing or magnitude of changes in the highway and the approaches leading off it, and that later problems could be avoided by leaving the Information Booth where it is for this year.

Barwick also brought up the matter of a sign indicating location of businesses in the downtown core, adding that it should be done soon to be of maximum use to this year's tourists. It was suggested that a yearly rent for space on the sign could be added to each participating business' Chamber fees. Dennis Decorte of LW Radio noted that his firm and the Alico Motor Inn were prepared to pay a large portion of the cost of erecting such a sign.

the same type of people, they have become very different societies.

The American dream, Tredger said, was one of settling a great country from coast to coast, and the American people were more ruthless in their quest for land, to the point of pushing the natives off to accomodate the newcomers.

In Canada, however, he added, the Mounties, and later the Alberta Provincial Police, were a stabilizing influence during a time of great change. They escorted sick and injured homesteaders to hospital, administered the Mothers Pension to widows and deserted women, inspected cattle brands, theatres, cafes and pool rooms, acted as game wardens and truant officers, and enforced forest fire regulations in addition to their regular police work.

"Time outran the talents" of Elk Point's early Town Constable, Henry Keck, and his "one man police force" was replaced by the RCMP, Tredger said. However, the tradition of community involvement started by Keck has carried on, with today's RCMP officers and their families very much a "part of the lifeblood of our community".

The after dinner part of the evening was concluded with the presentation of a plaque to Cst. Mike Harvey by Sgt. Fell. Harvey, who came to Elk Point just over three years ago, is leaving May 10 to become part of the Red Deer Rural Detachment.

Harvey said in parting that he has "made many friends here... and I'll come back as often as I can".

The assembly then moved upstairs to the dance floor, where they applauded vigorously as the scarlet-coated RCMP officers, led by Inspector Donahue, and their ladies, entered in a grand march, and started off an evening of dancing to the music of "The Other Guise".

GUEST SPEAKER BOB TREDGER — Told of the way the RCMP have helped to shape the unique Canadian culture.

Vitamins

Vitamins, whether synthesized in a laboratory or derived from natural food sources, have comparable biological values. However, synthetic vitamins are often less costly. The Health Protection Branch of Health and Welfare Canada advises consumers to read the label on any over-the-counter vitamin preparation and follow directions carefully.

The Senior Citizens Home Heating Protection Program

Did you receive your \$100 rebate for 1984?

Under the Senior Citizens Home Heating Protection Plan, Alberta senior citizen homeowners are entitled to a rebate of \$100 for 1984. Cheques have already been issued to a number of eligible individuals, based on lists compiled by municipalities for the Alberta Property Tax Reduction Program for the 1984 calendar year.

If you were missed in our initial mailing, you are still eligible to receive this rebate for 1984 if you:

- owned and occupied your home for 120 days or more during 1984, and
- are 65 years of age or older, or
 - are between 60 and 64 years of age and your deceased spouse was 65 or older at the time of death, or
 - are a widow/widower between 55 and 64 who is receiving a pension under the Alberta Widows' Pension Act.

Did we miss you? If you qualify and have not received your cheque, please:

- 1) Ask for an application form at your local municipal office.
- 2) Mail the complete form to:
Rebates Branch
Alberta Utilities and Telecommunications
3rd Floor, 12323 Stony Plain Road
Edmonton, Alberta T5N 3Y9
- 3) Call your nearest RITE number or 422-4098 in Edmonton for further information.
- 4) The 1985 rebate will be mailed early in 1986.

"Second Class Mail Registration Pending"

Identification is important

Next week, the Elk Point Lions Club will embark on one of their most timely and caring projects ever, when the Child Identification Program gets underway.

The frightening epidemic of child-snatching incidents across the country, and the increasing numbers of runaway youngsters have prompted these community-minded individuals to set up this program, and thus help to insure that no Elk Point child will become part of these statistics.

The prospect of having one's child fingerprinted may, indeed, put some parents off, because of the criminal connotation of the process. However, the thought of having that child missing, with no way to positively identify him or her is far more daunting.

The operation of obtaining an identification card, affixed with

not only the fingerprints, but also name, address, birthdate, distinguishing marks such as scars or birthmarks, and a current photograph, is quick, simple and free of charge. The card is then given to the parents, who keep it on a permanent basis, so it will be readily available if and when needed.

The first phase of the program will be undertaken at F.G. Miller High School. True, a young person of high school age is less likely to be abducted than a preschooler. However, the fact that seventy sets of parents have expressed a wish for these cards indicates a need for these for this age group to be supplied with cards.

Thanks to the Lions for bringing this very worthwhile program to Elk Point, and for helping in this way to keep our children safe from harm.

Gift of a helping hand

During this week before Mother's Day, we would like to offer a gift suggestion, which will be minimal in cost, but much appreciated by almost any mother.

One of the tasks which often falls to Mother, to be done in her "spare time", is the yard work and garden. While keeping the home surroundings in a clean and attractive condition is a pleasurable job for many, it is also time consuming, and in these days of working mothers, time is often as precious and scarce as gold.

To many a mother, the digging of a garden plot, the tidying of a garage or garden shed, the uprooting of dandelions or a willing hand on a paint brush would be much more appreciated than a box of fattening chocolates or a new can opener.

If one can work alongside one's mother at these tasks, the additional gift of companionship will also be given.

Remember Mom...on her day...with love, and with the offer of a helping hand.

Meanwhile, back at the ranch....

Thoroughly modern Grannie

It's Mother's Day
And we're on our way
To Grandmother's house
Hurrah, Hurrah!

But she is not there--
See her empty chair?
And we look and look--
She's not ANYWHERE!

Her apron behind the door,
Her slippers paired on the floor
But everything's too quiet
And Gran's not here anymore.

But who is that coming,
A-skiping and humming,
On the front porch steps,
Whose sneakers are drumming?

Is this really our Grannie?
Can it really be?
Dressed in a pink sweatsuit,
So lively and free?

She's been out a-jogging,
Many miles she's been logging
If we'd been along,
For sure we'd be bogging.

"Just wait while I shower!"
Calls this Gal of the hour,
"Then we'll have a snack
And stoke up some more power!"

No more gooey cake
Like Gram used to bake
That's right out of style
Our hunger to slake.

She brings out a tray
With an awesome array
Of raw veggies and dip
And we all shout "Hurrah!"

For our Grannie's right on
Her old ways are gone
She's becoming health-conscious
And we'll all go along.

She's still just as dear
And a joy to be near
And her healthful new ways
Will keep her many a year.

It was quite a surprise.
When she first met our eyes
But we think our "new" Grannie
Is really a prize!

from the legislature

by JOHN DROBOT
M.L.A. for St. Paul Constituency

On Saturday, May 4th the highway cleanup program had to be postponed because of the rain in our area. The program in which Alberta's 4-H clubs band together in an effort to clean Alberta's highways has grown to 8000 members and 502 clubs across the province. This program which lasts only one day last year cleared 54,500 bags of litter and cleaned 7600 kilometres of highway. Every method is used to provide safety by support of RCMP and Alberta highway personnel and by advertising and warning motorists. Our congratulations to these dedicated youngsters and personnel involved.

The Hon. Marvin Moore has announced the implementation of a new highway safety construction program. The new program will result in the expenditure of 32 million dollars directed to improving highway safety. It will involve skid resistant treatment, illumination, traffic control signals, side slope, guard rails and a multitude of other provisions. Increasing driver awareness of railway crossings is expected to have a major effect in train-vehicle collisions in the province. All of this will provide increased safety for all motorists travelling Alberta's highways.

Statistics were tabled in the legislature in regard to traffic collisions which decreased 2% from 1983. However, traffic fatalities increased 10% to a total of 470 people or more than one per day lost their lives in traffic collisions.

Last week Treasurer Hon. Lou Hynman announced that Alberta Farm Fuel Distribution allowance will be extended to unleaded gasoline. Details on the program and a further announcement will be made soon. This is another attempt to assist the farming industry in relation to high input costs. The purple fuel program received 73 million dollars in 1984, 1985.

The Alberta Opportunity Company authorized 42 small business loans totalling 5,213,000 dollars for the month of March. Service industries received the majority of financial assistance with 40 loans compared to 2 for manufacturing. There were 115 new positions created which brings the total of people employed by business receiving loans to 275 people. Northern Alberta loan authorization totaled 1,044,500 dollars. The Alberta Opportunity Company reports on its activities to the legislature through the office of Al (Boomer) Adair, Minister of Tourism and Small Business.

From the Sergeant's desk

By SGT. JIM FELL

I would like to again thank all those people that came to the Regimental Ball and showed us that the Community is very much behind our efforts in the area.

Next Monday, the 13th of May, through to the 19th of May, marks the period of time we call National Police Week. We have gone to the Elementary Schools in the district and are having the students prepare posters on the theme, "Police and Youth." These posters are part of a contest for the children, the prize will be, being

the Sergeant for the day. If you happen to see a rather short person in the patrol car over the first four days of the week, he or she is the winner.

If you would like to visit the Detachment for a tour or if you would like to know more about the equipment that we use, feel free to stop by and inquire, the coffee is always on.

Our crime of the week is: Overnight the 21/22 February, 1985, some unknown person(s) entered the Laundromat in the downtown core of Elk Point. Those persons pried open several of the

washing machines and attempted to pry open a pin ball machine. The pin ball machine could not be opened so the culprit smashed the glass covering the machine in an act of vandalism. To date we have been unable to discover the identity of the culprit(s).

If you have any information regarding this damage and theft, please contact Cst. Mike HARVEY, Cst. Wayne PRINAK or any member of this Detachment. Your information will be kept confidential and your anonymity will be protected. You need not give your name.

Alberta pitches in

Participation in Pitch-In '85, Alberta's annual spring clean-up, is expected to be greater than in any previous year as hundreds of thousands of Alberta residents work together to keep Alberta beautiful.

The largest public participation event in Alberta, Pitch-In runs from May 6-12, 1985. The week-long clean-up and beautification campaign is sponsored by Alberta Environment, Novacor Chemicals Ltd., Husky Oil Ltd. and Outdoors Unlittered, a non-profit environmental conservation organization.

This year thousands of

schools and community organizations will send out volunteers, armed with 85,000 large plastic garbage bags donated by Novacor and Husky Oil, to clean-up streets, parks, schoolgrounds, riverbeds and entire communities.

In Athabasca, students from Athabasca Elementary School are planning to clean-up around commercial sites such as restaurants, warehouses, etc. They will charge modest fees for this service, using some of the funds raised for school activities and donating the rest to the Steve Fonyo Fund.

Students, Girl Guides and

Boy Scouts in Stettler are holding a litter prevention poster contest and staging a clean-up of roads, public parks and the fairgrounds.

At St. Catherine's Elementary School in Calgary, pupils will clean-up the school grounds on two consecutive Fridays as a test to see how much litter builds up in a one week period.

This is the eleventh year that the Pitch-In campaign has been held in Alberta. The annual campaign plays a major role in promoting year round litter prevention and conservation awareness.

1985 building permits near \$4 million mark

A total of thirty-five building permits for structures valued at \$3.9 million have been issued to date in 1985, Town of Elk Point Development Officer Ralph Reimer reports.

This includes fifteen permits issued in April and totalling \$889,500 in value, plus the just-started Senior Citizens' Lodge, valued at \$1.5 million. Ten of April's permits were residential in nature, with two each in the industrial and commercial categories and one institutional permit being issued.

In April alone, the permit fees collected by the Town totalled \$4,949.50, bringing the total 1985 to \$7,186.50 for the first four months of 1985.

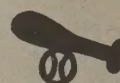

This year's figures are over three times the 1983 figures to the end of April.

Nineteen business licences were also issued during April, for total revenue of \$2,650, bringing totals for the year to 58 permits and \$5,745 in revenue.

by NEIL McMANN

Recreation Corner

Grant Deadline — All those community groups who are planning to apply for the C.R.C. grant must have their applications in by this Friday, May 10.

Tennis Lessons — There are two tennis courts that can be set up in the arena. If you would like to learn how to play, lessons will begin on June 6 and continue for 4 successive Thursdays until June 27. These lessons are free so phone the Recreation Office at 724-4074 to register. Only the first 10 people will be accepted.

Ball Hockey — The A. G. Ross Arena is also available for ball hockey. If you are interested just phone the Recreation office at 724-4074. There must be a sufficient number of people interested to make the activity worthwhile.

Hunter Training Course — this course will be offered this summer on August 10, 11, 17 & 18. The Elk Point Gun Club is offering the course for a fee of \$10.00 which includes range shooting. If the participant does not want range shooting the fee is \$5.00. Phone the recreation Office at 724-4074 to register.

Pedal Pushers — Due to the inclement weather last Saturday the Pedal Pushers is postponed until this Saturday May 11. Instead of the course being on two successive Saturdays the entire course will go this Saturday. The course begins at 10:00 a.m. at the A. G. Ross arena.

Dewberry and district news

by CLIFF CUNNINGHAM

The Dewberry and district Ladies Birthday Club party was held on April 24th at the home of Myrtle Flemings.

A meeting was held at the Dewberry Senior Citizens Drop-in Center on April 25th about Seniors Home Improvement grants and other things concerning Senior Citizens. Dewberry is also trying to get another Villa built as some have gone to other places that would have liked to live in Dewberry. Annette Guerrette from Edmonton was the speaker. There were Senior Citizens from Marwayne, Vermilion, Myrnam, Kitscoty, Willingdon and Lloydminster at the meeting. Lunch and coffee was served after.

We were sorry to hear that Agnes Goad passed away on April 25th in Edmonton. Agnes and her late husband Dick Goad lived in Clandonald years ago before they moved to Edmonton. Dick operated a garage in Clandonald and I worked for him about thirty years ago. Sympathy goes out to Donnie Goad, his daughter Shelly, Dixie Conlon (nee) Goad, and all their relatives.

Mary Thompson is now settled in the Vermilion Lodge and would like to have some of her Clandonald friends come in for a visit. Mary is a sister of Marge Cunningham and George Carlton.

Your news reporter has been walking the streets of Dewberry the last two days collecting for the Canadian Cancer Society. Thanks to all who helped out.

Sympathy goes out to Loyal Krawchuk on the passing of his father in Vegreville a couple of weeks ago. Loyal was the agent for the Cargill Grain Elevator Co. in Dewberry for a good many years.

There was a large crowd at Mickey Maddex Sale on April 27th. She moved into one of the Units at the Villa in Dewberry last fall.

Most of the people are out cleaning up their yards and spading up their flower gardens. We had a heavy shower of rain on Friday night, April 26th. The low this last week 26° above to 68° above F. I give the weather in F as most older people understand it better that way.

Happy Birthday to all that had a birthday in April. If I tried to write down the names of all that have birthdays, I am sure I would leave some out.

Oil workers study rescue techniques

WE'LL GO OUT THIS WAY — Says instructor Ray Hrabats, as he and student Brian Anderson prepare to remove "patient" Terry Cameron from the Confined Area Training tanker.

A total of 24 employees of Westmin Resources Ltd., and Murphy Oil Company Ltd., took part in day-long rescue training programs last week, which were offered by Lakeland College. The hands-on courses taught the men to rescue fellow workers from confined areas, such as tanks, after they had been overcome by gas fumes, been injured in falls, or both.

Instructors Ray Hrabats and Del Seguin showed the participants how to use breathing apparatus necessary for the rescue attempts, and how to resuscitate gas inhalation victims and remove them from difficult places, such as the inside of a tank. Handling of victims with neck or back injuries from a fall was also covered in the course.

"Classroom" for the rescue lessons is a huge tank, mounted on a truck, and entered by a variety of round and square hatches. Two students are positioned in the tank as 'victims', while two more enter, wearing air tanks, with the instructors, who show how to revive the victims with the use of

portable resuscitators and how to prepare them for removal from the tank, after stabilizing their backs and necks in case of injuries to that area.

Hrabats said the course is "not designed to make these men experts at anything", but rather to make them comfor-

table with the use of breathing apparatus, and to "give them an idea of what they can or can't do." Hrabats said the course teaches workers to think for themselves, and to think ahead in an emergency, as well as how to deal with such situations as air failure.

STABILIZING THE VICTIM — Instructor Del Seguin and student Bruno Kummetz prepare "victim" Roy Runzer for removal from the confined area training tank.

Elk Point further education news

With the coming of Spring our Further Education student's thoughts turn to gardening, housecleaning, camping, golfing, playing ball, barbecuing, or what have you. Some of these activities fit in with courses we are now offering. If you would like some pointers and information on Barbecuing, Golfing, Wind Surfing, Care of House Plants, Calligraphy, Mixology, or what about building a barbecue in your backyard, register in one of our courses.

Phone 724-4101, Tuesday, Wednesday, Thursday 4:30 - 6:30 p.m. for more information or call in at the office in the Community Services

Center during office hours.

The Mixology course would be run on Friday evenings 7:00 - 9:00 p.m. for 4 consecutive weeks. If you are interested phone our office for more particulars.

Courses are slowing down and coming to a close. However, we have had a good winter season and hope our spring and summer courses will be as successful. If any of you have a course you would like to take and know of several more interested individuals, please contact the office. We will do our best to find an instructor, advertise, and run the course if at all possible.

Tea aids famine relief fund

By IRENE MAGNUSSON

The Elk Point Red Cross Branch, together with assistance from ladies in the Lindbergh Branch, held their Annual Tea, Bake Sale and Bazaar on April 27th, 1985.

Turnout was not the greatest, said one of the ladies still a fair amount was realized. This year, all proceeds will go directly to the Ethiopian Famine Relief fund. In past years the group has raised money for the Water Safety program, but since this is now chiefly self-supporting, and the Famine Relief need so acute, the group decided to channel all funds possible to this cause.

On hand to attend to matters were Violet McFadyen and Iryne Buck, who ably looked after the Bazaar and plants tables; Marian Smith and Lucille Smith, who together with Myrna Fox, handled the Bake tables and the White Elephant sales.

The Tea tables were convened by Margret

Modin, with a lot of help from Christy Vinge and Virginia Masse, who waited on the tea tables and stood kitchen duty as well. Lawrence Modin was on the dishwashing brigade, along with anyone who had a spare moment.

Donations were

generous, and especially for the Tea tables, there were some goodies left over. In competition with a local auction sale and the good weather, it perhaps wasn't too surprising that the turnout was small. However, the group reported a total intake of \$284.80, all of

which will go to the Famine fund.

If I've missed anyone involved who should have received accolades, please forgive me. I was only on hand long enough to enjoy a snack and buy a few items. But it all looked good to me.

MRS. PELECH PRESIDED — Over the 'houseplant' table last year at the Elk Point Red Cross Tea - this year plants and crafts were displayed on one set of tables.

I. Magnusson

Red Cross campaign

Giving from the heart

By IRENE MAGNUSSON

The Annual Red Cross Canvass of Elk Point and surrounding area at last is finished and the proceeds all tucked away in the bank - or by now, well on its way to Head Office and its intended purpose of helping the poor, the devastated, the ill.

Commenced as usual on the first day of March, the canvass was conducted under the careful hand of Violet McFadyen, Campaign Chairman, with good assistance from Captains Lawrence Modin, Laverne Wilson and Betty Lou Vankosky.

Numbers of canvassers, by area, with results, are as follows:

Lindbergh (7) — \$685.75
Heinsburg (5) — \$518.00
Dewberry (1) — \$127.55
Clandonald (1) — \$173.00
Landonville (1) — \$737.00
Tulliby Lake (1) — \$158.00
Derwent (10) — 687.00
Elk Point Rural (17) — \$1,769.50
Elk Point Town (28) — \$2,282.50

For a grand total of 71 canvassers who collected \$7,138.30.

Some of these canvassers traveled many miles in these rural areas. For some it was a first-time effort - for many others a continuation of many years of canvassing, something they do without question year after year. All canvassers are conscientious volunteers, giving freely of their time, their vehicle costs or their shoe leather, as the case may be. All are (only occasionally) subject to refusal and/or snubs for their efforts, but mostly are met by caring donors, who well know the need and are willing to do their share.

Elk Point is the hub of a Red Cross Region, the Chairman of the Region being Margret Modin, with Iryne Buck, secretary and Niki Riemer, treasurer. Wasy Elashuk and Violet McFadyen, Chairman respectively of the Lindbergh and Elk Point Branches, are Vice Chairmen. In addition to the

annual canvass, these Red Cross groups make quilts and many other articles for disaster victims, promote safety and blood donors, and hold several meetings per year. There has been a fund raising effort toward the water safety program annually for many years.

Red Cross Head Office has been in the habit of assessing a 'quota' to each area; this is the amount they might reasonably expect an area, with a given population, to contribute in the annual canvass. Elk Point and District's quota for this year was set at \$4,500. The \$7,138 collected is considerably more than half again as much - showing the people of this district to be (as we always thought) generous and aware of the great needs, which the long-lasting experience of Red Cross is best able to fulfill.

The first canvasser finished with her area (a 'new' canvasser at that) was Jean McGinnis, with a total of \$139.

Last in were the Derwent canvassers, ten in all - and again, all 'new' canvassers, with a proud total of \$687.

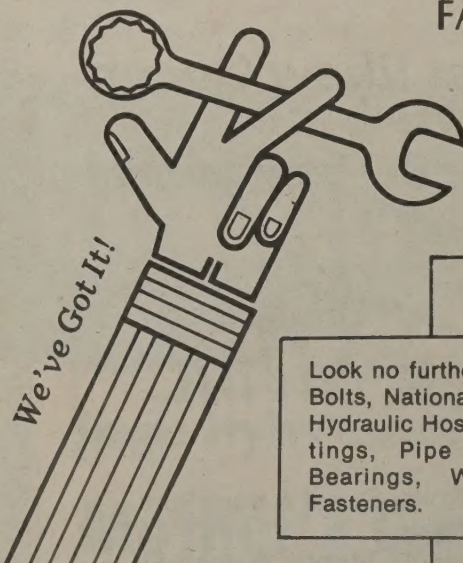

Certainly 'best' canvasser title must go to Horace Osinchuk of Landonville, who single-handedly canvassed 66 donors, and brought in \$737, making this an average donation of \$11.17 per donor - a very good average indeed.

But funds for Red Cross are not facts and figures - they are people helping people. All the canvassers thank you for your kind co-operation and generosity.

"Please extend my thanks to all who canvassed", Mrs. McFadyen requests, "and to all who contributed. Thank you for your help and for your effort. Many will benefit because of your generosity and your help".

Out our way...

Ferguson Flats, Lindbergh
and Primrose news

By Mildred Dunham

There hasn't been too much activity out our way for some time. The big snowstorm put moisture in the ground for the farmers, but it was also depressing, as it left baby calves in the snow and more feed shortage. This weekend's rain was better than the snow but again put a stop to people trying to combine crops that had been snowed under.

The Tilley family went to attend a wedding in Calgary the weekend of the snowstorm. On the way home, they saw a Greyhound bus upside down in the ditch, so the trip turned out to be an endurance test for them also.

Ferguson Flats had a cleanup day at the cemetery last Wednesday, which showed a good turnout with lots of willing workers.

Primrose will again have a bit of oil activity as surveyors are back to prepare for a couple of wells to be drilled. The bad part of that is that our roads are not built to handle the heavy trucks that seem to sneak through at night while the road bans are on.

The only other interest in the community are the "bargains" that people come home with from the various farm sales this time of year.

Elk Point 4-H in review

BY ELENA DROBOT

Mr. Ronald Flanders led the Elk Point 4-H Club in 1971 with Peter Ference and Fred Appleton assisting. Raymond Ference was junior leader for the third year. The club consisted of twelve boys and five girls, making a total of seventeen members. Club Officers were President David Shankowski; Vice President Jim Ference; Secretary-Treasurer Joyce Ference and Club Reporter Dianne Ockerman.

Mr. Flanders was talked into continuing as leader in 1972. His assistants were Ed Bieber and Bill Ference. There were fifteen boys and six girls for a total of twenty-one members. Nineteen-seventy-two saw Freddie Zapesocki as president, and Glenn Flanders as vice president. Secretary-treasurer was Linda Swedgan and Kenneth Ference was club reporter.

I don't know how they did it but the Elk Point club was lucky enough to keep Mr. Flanders as leader for 1973-74 as well. That year also saw the return of assistant leaders Bill Ference and Ed Bieber. Junior leaders were Glenn Flanders and Linda Swedgan. Glenn and Linda were busy members that year as they were also president (Glen) and secretary-treasurer (Linda). Diane Swedgan was club reporter and no vice president was recorded that year. Fifteen boys and five girls added up to a membership of twenty.

Mr. Flanders was an assistant leader for one year before becoming the leader. He had one son, Glenn, in 4-H for five years.

When asked what made him become 4-H leader, Mr. Flanders replied that "no one else would take the job".

When Mr. Flanders took over as leader there was no local trophy for the first place calf so he and Mrs. Flanders donated one for the first few years.

As a club the members went to the spring rodeo in Edmonton with the Heinsburgh club for two years. The following year they went to the Planetarium and the Provincial Museum. There was an Annual Curling Bonspiel and a team went to the District Play-offs as well.

In 1973 Glenn Flanders and Linda Swedgan went on an exchange to Calgary.

Mr. Flanders was the only leader so far to admit that embarrassing things do happen. Here is his account: "when we were in Edmonton at the museum we were going through a self-serve restaurant when my full tray fell on the floor spilling glass and food everywhere!" He admitted that he had been so busy watching the members that he didn't see the end of the railing.

Mr. Flanders, did your members ever thank you for taking on a job no else wanted? If not I'd like to do it for them. As you know we are celebrating our twentieth anniversary this year and this could never have happened if you had not taken on the position of leader when no else would. We appreciate the three years of your time that were given to young people and the 4-H club of Elk Point. See you at Stoney Lake, June 30th, when we can thank you again personally.

Crop report

The estimate current soil moisture conditions is good for summerfallow and stubble. The estimate growth prospects under current moisture conditions is good.

The estimated total acreage of each crop compared to last year is 100% for

Hard Red Spring Wheat, 105% for Oats, 105% for Barley, 90% for Canola and 100% for Summerfallow.

Field work has only begun. A few acres of combining have been started with grain quality and yield very poor.

Many farmers are presently spreading Fertilizer on their grassland.

Lake-Land Ambulance

Service Ltd.

OF ELK POINT

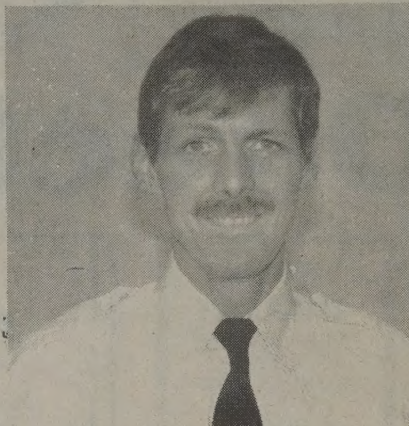

Would like to announce that

JOHN DART and BOB MORRIS

Have taken over the Elk Point area as of April 28th, 1985

Both men, with their previous training and experience should be a real asset to the area.

- British Columbia Industrial First Aid
- Instructors' CPR
- Emergency Medical Assistant Level #1
- British Columbia Surface Mine Rescue
- Audiometric Technician
- Basic Auto Extrication Certificate
- Defensive Driving Certificate
- Restricted Radio Telephone Operators Certificate
- 28 Hours Advanced Education in E.M.S. at Interphase '81 for M.A.S.T. and Entonox

John Dart

BOB MORRIS

- Two years experience with Lake-Land Ambulance
- Basic Auto Extrication Certificate
- Emergency Vehicle (High Speed) Driving Certificate
- Presently Student of Emergency Medical Technician Course, S.A.I.T.

A concern to the community is pre-hospital care. At the present time, with the experience of Mr. John Dart, who has his certificate in use of M.A.S.T. Pants, for trauma, and Entonox gas for the alleviation of pain during transport to hospital, we feel that we will be able to offer a higher level of care to the patient.

We are also offering the Basic Life Support Service which is one level higher than First Aid Service.

In addition to the experience of our men, we carry a full line of up-to-date extrication equipment, which is used to safely remove injured people from vehicle accidents.

Our biggest concern is to the patient.

"WE SERVE WITH PRIDE"

And are proud to have served the Elk Point area since 1981.

Emergency Medical Technician Service

NEW PERSONNEL — Of Lake-Land Ambulance Service are welcomed by Lake-Land's owner, Don Schueler (right). John Dart (left) and Bob Morris recently took over the Elk Point area. They are shown against their newly arrived Lake-Land Ambulance, which brings the Elk Point fleet to two cars.

Fair Board news

Plant now--exhibit later

BY IRENE MAGNUSSON

This is the time of year when we are looking at the seed packages in the store, (if we haven't bought them long ago) and now is a good time to be thinking of what vegetables you'd like to enter in the summer Fair. The list is long.

Some 42 separate categories are listed, all the way from Beets to Zucchini (hey, what happened to Asparagus?). Many varieties of vegetables have several listings, as in Cabbage (3) Cucumbers (3) Potatoes (5) - and so forth.

There is a knack to displaying your very best vegetable. A number of pointers are given on page (I can't believe this — the pages aren't numbered!) well, page eight by my count, in your 1985 Elk Point and District Agricultural Society Fair Prize List, available at the Elk Point Review and Lakeland Printing office (across from the Post Office).

Bea Campbell, convener of the vegetable section, has confirmed that paper plates will be provided to show off your gems on. Judging is based on color, freedom from blemishes, moderate size, uniformity and trueness to type. It's not compulsory to state the variety, but it surely adds to the pleasure of the viewers to read what variety is displayed.

Perhaps from this we could learn what kinds of vegetables will do best for this area.

Do the metric measurements incense you? (Funk & Wagnalls definition - vex, exasperate). It does me - but just remember that 1 cm is approximately 1/2 an inch, and the 17 cm cut-off on the carrots means about 6 and 3/4 inches. One group wants under that length, the other calls for over it.

Get out your handy-dandy double-edged ruler

Peas, of course, are not to be shell-ed. But at least look at them through the light to see if they are as well filled as first glance would indicate. Measure them, too. Even ones look better... and you ARE out for ribbons, right?

If any of you vegetable growers can devise a way to keep the worms from furrowing runnels in your turnip skins, please pass the word along. They'd look ever so much better with smooth skins.

Corn - three cobs with husks left on: but that's only a few leaves, not the whole lot of them; you skin them back. Otherwise, how do you know if there are any kernels on that cob?

I'm a bit uncertain what a collection of five herbs could consist of - can't think of that many that will grow here, right off, but perhaps you can, and that should be an interesting addition.

The Vegetable Display, with 10 to 12 varieties, are always interesting and a challenge to the exhibitor, for here your artistic talents come into play, too, since the container and arrangement are also judged. There have been some spectacular baskets of vegetables in other years. Why not have a try at it?

Just thinking of all these delicious vegetables has made me hungry, and itching to get out in the garden. Remember, wash your little (or big) darlings carefully. Don't scratch them up. Package them with care, and padding. And all good luck to you next August - at the Fair.

P.S.: Those tags you were asking for should be available now at the Review Office.

SOME OF THE GREAT VEGETABLES DISPLAYED — In the Elk Point Fair last year. We know we can all do as well or better this year. (If we get the right seeds in the ground!).

I. Magnusson
